SCHOOL,POONAMALLEE,CHENN
AI-123

2022-2024

SKILLS

- **Programming & Databases:**

Python, C, SQL, MongoDB.

- **Data & Visualization:** Power BI,
Tableau.

- **Web Development:** React,
HTML, CSS, JavaScript, Vite.

- **Other:** Pipeline setup for
modern apps & websites, Git.

LANGUAGE

- English

- Tamil

ABOUT ME:

Aspiring Data Scientist with hands-on experience in data visualization (Power BI, Tableau) and AI model development for healthcare. Skilled in SQL, MongoDB, and building pipelines for modern web applications. Developed multiple projects across healthcare, e-commerce, and AI domains. Passionate about turning data into actionable insights and delivering impactful technology solutions.

PROJECTS :

- **Doctor-Patient Connectivity Platform** – React, Vite

Built a role-based web application to connect doctors and patients with features like authentication, chat, and report sharing.

- **Animal-bite Support Chatbot** – A React based Chatbot Specific for Animal-bites where you can ask any questions related animal-bites and working as a triage tool for patients .

- **AI Model for Parkinson's Disease Detection (CDT)** – Python, AI/ML

Currently developing an AI model using Clock Drawing Test data to assess cognitive and motor impairments in Parkinson's patients.

PERSONAL DETAILS:

Father's Name	: Mr.M.Raja
Mother's Name	: R.Uma Maheshwari
Date Of Birth	: 15.08.2006
Age	: 19
Religion & Caste	: Hindu & BC
Nationalilty	: Indian

CERTIFICATES :

- Python Developer Certificate – SoloLearn.
- Power BI Intern Certificate – [CODTECH IT SOLUTIONS]
- Python Developing Intern Certificate –[RD INFRO TECH]
- Tableau Essentials – One-Week Course at Campus.
- C Intermediate Developer Certificate – SoloLearn
